THURSDAY, OCTOBER 3, 2019
Ascent Lounge New York

7 p.m.	Doors Open
8:15 p.m.	Speaking Program
8:45 p.m.	DJ & Dancing
11 p.m.	Benefit Concludes

Dear Friends and Colleagues,

Thank you for joining us tonight to honor Roger A. Silverstein and to support National Jewish Health.

The AIR Society has long been at the forefront in providing funds to support this world-class institution. National Jewish Health is the only facility in the world dedicated exclusively to groundbreaking medical research and treatment of patients with respiratory, cardiac, immune and related disorders. Patients and families come to National Jewish Health from around the world to receive cutting-edge, comprehensive and coordinated care.

Did you know, National Jewish Health:

- Has been named the #1 respiratory hospital in the nation for the 18th time by *U.S. News & World Report* in its 2019-20 Best Hospitals rankings. National Jewish Health has ranked #1 or #2 all 23 years since the category was added.
- Has more than 50 doctors named on various lists, including "America's Top Doctors" by Castle Connolly, Ltd.
- Is in the top 7% of institutions funded by the National Institutes of Health, an extraordinary achievement for an institution of its size.
- Is responsible for many important scientific advances, including the discovery of IgE, the molecule responsible for allergic reactions.
- Is the only medical institution in the country with a K-8 school located on its campus. The school, Morgridge Academy, serves children living with chronic illness.

Thank you for your support of National Jewish Health through the AIR Society.

Have a wonderful evening!

Jennifer & Kyle Widay
Co-Chairs

2019 HONOREE

ROGER A .SILVERSTEIN

Executive Vice President
Silverstein Properties, Inc.

Roger is executive vice president of Silverstein Properties Inc., and sits on the board of directors. He is responsible for tenant relations.

He serves as a member of the Real Estate Board of New York, a director of the Realty Foundation of New York, and is an executive committee member of the Real Estate Executive Division of the UJA Federation. He has served since 1999 on the National Jewish Health council of national trustees.

Roger holds a bachelor of science in urban economics from New York University. He resides in Manhattan and has three children. He is an accomplished triathlete and a lifelong New Yorker.

WE HOPE™

At National Jewish Health, the nation's leading respiratory hospital, we breathe hope. For 120 years, our personalized care and innovative treatments for respiratory, cardiac, immune and related disorders have transformed the lives of millions of patients and families.

Help us breathe hope. Your donation can help fund research and care for those with respiratory illnesses.

To make your tax-deductible donation, visit njhealth.org/help, or call 800.621.0505.

#1 in Respiratory Care

Breathing Science is Life.®

Dear Friends,

Thank you for being a part of The AIR Society 2019 Benefit THE SKY'S THE LIMIT. Your involvement helps National Jewish Health in our mission to treat patients and research cures for some of the most devastating illnesses related to the lungs, the heart and immune disorders. You help us make a difference for children and adults across the nation and throughout the world.

Take a moment to look around. Every person you see takes breathing for granted, until they can't.

National Jewish Health has spent 120 years developing new tools for diagnosing and treating respiratory and related diseases. Our unique, comprehensive model of care, and our collaborations within an unparalleled and highly-coordinated research network, enable us to provide our patients with the latest discoveries and clinical trial opportunities. This leads to more effective treatments and ultimately takes us closer to cures.

We would appreciate the opportunity to show you in person why National Jewish Health is ranked #1 in Respiratory Care by *U.S. News & World Report*. Please let us know if you are interested in a Behind the Scenes visit when you are next in Denver, by contacting us at 212.297.0857. Njhealth.org is also a good resource to learn about our work and the conditions we treat.

On behalf of our dedicated Board of Directors, Council of National Trustees, faculty, staff and the patients and families we serve, thank you for joining us at THE SKY'S THE LIMIT. Your support provides the best care possible for those with respiratory and related diseases. Best regards.

Sincerely yours,

A handwritten signature in black ink that reads "Michael Salem". The signature is fluid and cursive, with a long horizontal stroke at the end.

Michael Salem, M.D.
President and CEO

ABOUT THE NEW YORK AIR SOCIETY

for Asthma, Immunology and
Respiratory Medicine

In 1991, a group of young professionals came together to form the New York AIR Society, because some of them or their family members had been treated for asthma, allergies and/or immune system disorders at National Jewish Health in Denver. This common tie gave them the inspiration to assist National Jewish Health in its efforts.

The New York AIR Society is composed of a diverse group of ambitious young professionals from a variety of industries. Since its inception, the New York AIR Society has raised more than \$5 million to fund research and patient care, as well as clinical and educational programs at National Jewish Health.

Each year, the committee plans an exciting night to honor a local leader who has shown devotion, talent and integrity in his or her industry.

Irving Borenstein Memorial award

For 32 years, Irving Borenstein was the guiding force of National Jewish Health in New York City, raising millions of dollars for patient care and research through the legendary Real Estate, Financial Industry, and Retail Industry dinners. Irving's talent, dedication and integrity brought great honor to National Jewish Health and forged relationships of warmth and respect with some of the leading philanthropists in New York. Along the way, he earned the respect and esteem of the thousands his life touched.

Each year, we honor his legacy and those who follow in his footsteps.

Irving Borenstein
February 28, 1948 to January 17, 2011
A Man of Devotion, Talent and Integrity

**National Jewish
Health[®]**

Breathing Science is Life.[®]

Our Mission since 1899 is to heal, to discover, and to educate as a preeminent health care institution.

We serve by providing the best integrated and innovative care for patients and their families; by understanding and finding cures for diseases we research; and by educating and training the next generation of health care professionals to be leaders in medicine and science.

Our Vision is to be the global leader in the research and treatment of respiratory, cardiac, immune and related diseases.

We pursue this vision by pioneering individualized medicine programs which embrace the paradigm shift from reactive medicine to proactive, personalized health care. These programs enable us to integrate the provision of outstanding patient care, the conduct of novel basic, translational and clinical research, and the education of health care and research professionals. Through our efforts, we seek to achieve cures for patients who seek treatment and to bring new knowledge and discoveries to help people worldwide.
